

Zeham clinic:

Zeham Clinic is a modern dental clinic that provides high-quality dental care using the latest technology. We focus on creating healthy, beautiful smiles through professional service and a comfortable patient experience.

Project idea:

Project Idea – Zeham Clinic Digital Marketing Campaign

Title: “Smile with Confidence” – A Digital Marketing Campaign for Zeham Dental Clinic

Project Overview:

The project aims to create a strong and consistent digital presence for Zeham Clinic — a modern dental clinic committed to delivering high-quality oral care with advanced technology and a friendly environment.

Through this project, we will design and implement a comprehensive 3-phase marketing strategy that increases awareness, drives engagement, and generates new patient bookings.

The campaign will focus on showcasing the clinic’s professionalism, human touch, and real patient results. It

will use a mix of educational content, emotional storytelling, and targeted advertising to connect with the audience on a personal level.

Objectives:

Build brand awareness and credibility online.

Educate the audience about dental health in an engaging way.

Attract new patients through social media campaigns.

Strengthen the clinic's relationship with current clients.

Target Audience:

Men and women aged 18–45.

Residents of Alexandria and nearby areas.

Interested in oral hygiene, smile design, and aesthetic dentistry.

Looking for trustworthy, modern dental services.

Project Phases:

Phase 1 – Branding & Content Setup

Develop a unique brand identity (colors, logo, tone of voice).

Set up and optimize social media accounts (Facebook & Instagram).

Create a monthly content calendar featuring:

Dental tips & myths.

Human-touch stories from patients or staff.

Motivational quotes and reminders.

Promotional posts with clear CTAs for booking.

Phase 2 – Advertising & Engagement

Launch paid ad campaigns using Facebook & Instagram Ads Manager.

Focus on awareness, engagement, and booking objectives.

Use creative visuals like before/after photos and short video reels.

Write persuasive ad copies to highlight offers and professionalism.

Track ad performance (reach, impressions, engagement rate).

Phase 3 – Analysis & Optimization

Collect campaign data and analyze performance reports.

Identify the most effective content types and posting times.

Adjust targeting and messaging based on audience response.

Prepare a final report including insights and recommendations.

Expected Outcomes:

50% increase in engagement rate within 3 months.

30% growth in online bookings.

Improved brand recognition and positive online reputation.

A consistent, attractive online presence for Zeham Clinic

Team members:
